Mirror Lakes Neighborhood Reconstruction
City of Edina Contract No. ENG 09-6**

June 4, 2009

RE: Sanitary Sewer Service Inspection - Mirror Lakes Drive

Dear Resident;

As one of the first steps in reconstruction of the sanitary sewer on Mirror Lakes Drive the City of Edina will need to verify the elevation of your existing sanitary sewer service line from your home to the street. We would like to inspect the sewer services as soon as possible to begin construction.

The City has hired Penn Contracting, Inc. to complete this work. The contractor will need to gain access to your house. We are asking that you contact Dean Luxenburg, president of Penn Contracting at (612) 868-9462 to schedule a time to investigate your sewer service. Pen Contracting will need to send a small video camera through your sewer service to the street. After the sewer has been televised the City will be able to provide you with a video of the service for your records. The City will also notify you of any major deficiencies within your sewer service; however the City is not responsible for fixing any issues.

The City of Edina would like to have this work completed with in the week of June 8th -12th to continue with the project. The inspection and televising of your sewer service will be paid for by the City of Edina.

If you have any questions, please contact me at 952-826-0448, or by e-mail at jfrahm@ci.edina.mn.us

Regards,

Jeff Frahm
